

### REAL P.E.

There are six key areas or multi-abilities which underpin learning in REAL PE. These are transferable to the learning in all other areas of the wider curriculum. We refer to these areas as COGS. These are:

Personal Skills

Social Skills

Cognitive Skills

Physical Skills

Creative Skills

Knowledge of Health and Fitness

Learning experiences are focussed specifically upon each COG in turn over each curricular year, and are revisited often. This is coupled with a clear focus upon fundamental skills, with sessions allowing a progression of skills to be practiced before applying in adapted traditional and non-traditional games.

Physical sessions are designed to promote ambitious learning with personalised outcomes. Success and failure is reviewed collaboratively and celebrated. Learners are encouraged to give feedback to others in order to become confident peer coaches. Through the use of choice and personal best challenges, children are expected to take an active responsibility for their learning journey.
